

NET is absolutely delighted and humbled to receive this outstanding award. "The Kings Award is the greatest recognition a charity like ours can ever receive and represents deserved appreciation for the efforts of our incredible volunteers over many years."

"Volunteers are the lifeblood of our work- generously giving their time and energy to help older people in Garforth and its 12 surrounding villages in East Leeds live healthy, fulfilling lives."

Monica Walker CEO

Its ethos is summed up by a comment from one of NET's clients who commented on our Facebook page

"You do so much for the community and never want praise, you just want to help because you care"

This comment sums up NET's ethos of supporting the over 60s and since 2001 supporting the community. NET could not operate without the volunteers who work with us. They are the ones that should be applauded for what NET achieves and the services NET provides.

Thank you to everyone who has supported us in recent years. From those of you who come along to regular activities, to those who come along for the occasional coffee. Knowing we make even the slightest difference means so much to us. However, none of what we do would be possible without our team of wonderful volunteers. This has been a challenge over recent years and our volunteers have stepped up, adapted and been there for all of us, so once more we reiterate that you are **truly the Jewels in NET's crown** and say a very sincere **thank you!**

THANK YOU TO YOU ALL!

From Monica, the Board of Trustees and all the wonderful staff team
